(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply)

Applicant never received the Office Action mailed July 26, 2006. Applicant's first notice of the Office Action was pursuant to a telephone call from the Examiner on January 30, 2007, inquiring if Applicant intended to abandon the application.

Immediately upon such notice, Applicants downloaded the Office Action from the offices' public PAIR system, and expediently prepared the herewith provided response.

The undersigned personally inquired into if Applicant's incoming mail office had received the Office Action pursuant to their normal course of procedure and was informed that, after investigating the matter, the incoming mail office had not received the Office Action.

Applicant would be willing to provide a Declaration from the appropriate mail office personnel to provide firsthand evidence of these facts, if necessary.

Applicant submits that:

- (1) the non receipt of the incoming Office Action was the cause of the delay at issue;
- (2) there was in place a business routine for performing the incoming mail clerical functions that could reasonably be relied upon to avoid errors in their performance; and
- (3) the mail office employees are sufficiently trained and experienced with regard to the function and routine for their performance that reliance upon such employees represented the exercise of due care.
